

LEGEND LX SUPREME

GOLD *Limited* EDITION

A limited edition of the most advanced and popular regulator on the planet is now available.

The **GOLD *Limited* EDITION** is delivered with an Octopus, a unique serial number burned on the 1st and 2nd stage from 001 to 500, and a lovely gold ring on the Legend second stage and the Octopus. For the serious divers who want to have a unique regulator.

Available in DIN 300 bar and yoke 232bar.

Over balanced first stage

Unprecedented performance by increasing your air supply the deeper you go.

ACD system

Seals the regulator's inlet fitting. Allows the 1st stage to maintain performance over time.

Balanced second stage

Delivers air with consistence ease regardless of tank pressure.

Adjustable second stage

Reduces the breathing resistance to near zero.

Venturi vane adjustment

Reduces sensitivity to free flow on surface.
